

The Danish Study Group for Benign Haematology (DSBH) welcomes you to the symposium:

Hyperinflammation and Hemophagocytosis

Monday April 8th 2019, 9:30-17:00, DGI Byen Conference Center

Chairman: Daniel El Fassi

9:00 – 9:30: Coffee and light breakfast

- 9:30-9:40 Welcome - Sif Gudbrandsdottir
- 9:40-9:50 A brief overview of the spectrum of hyperinflammatory syndromes - Daniel El Fassi
- 9:50-10:00 Case presentation: Hemophagocytosis. A sequential therapeutic approach to therapy in refractory HLH ("From B to T") - Christian Bjørn Poulsen
- 10:00-10:30 The macrophage marker CD163 and experimental targeting of macrophages - Søren Kragh Moestrup
- 10:30-11:00 Macrophage markers in peripheral blood, with a focus on soluble CD163 - Holger Jon Møller

Stretch your legs 11:00-11:05

- 11:05-11:15 Case presentation: Still ill - Henrik Frederiksen
- 11:15-12:00 The Macrophage Activation Syndrome (MAS-HLH) in children and adults – Annacarin Horne

Lunch 12:00-12:45

- 12:45 – 13:45 Hemophagocytic lymphohistiocytosis (HLH) in children and adults - Jan-Inge Henter
- 13:45-14:05 Primary HLH and bone marrow transplantation in children - Tania Masmias

Coffee 14:05-14:30

- 14:30-14:40 Case presentation: It's plain to see - it's just EBV? - Troels Bygum Knudsen
- 14:40-15:10 Extreme reactions to common pathogens. Unravelling the mysteries - Trine Hyrup Mogensen

Stretch your legs 15:10-15:15

- 15:15-15:30 Heterozygous FHL variants associated with bleeding in adults. Marcus Ferrari
- 15:30-15:45 Janus kinase-inhibition and other experimental treatments for hyperinflammatory diseases, Daniel El Fassi
- 15:45-15:55 How to proceed towards a national effort for uniform handling of the hyperinflammatory syndromes. A proposal – Daniel El Fassi
- 15:55-16:00 Closing remarks
- 16:00-17:00 Workshop (open for all)

Speakers:

Sif Gudbrandsdottir, MD, PhD, Chairman of DSBH, Dept of Haematology, Roskilde Hospital

Daniel El Fassi, Ass.prof.,MD, PhD, Dept of Haematology, Herlev Hospital

Christian Bjørn Poulsen, Ass. prof, MD, PhD, Dept of Haematology, Roskilde Hospital

Søren Kragh Moestrup, Prof, MD, Dr.Sci, Dept of Cancer and Inflammation Research, University of Southern Denmark

Holger Jon Møller, Prof, MD, Dr.Med.Sci, Dept of Clinical Biochemistry, Aarhus University

Henrik Frederiksen, Prof, MD, PhD, Dept of Hematology, Odense University Hospital

Annacarin Horne, MD, PhD, Pediatric Rheumatology, Karolinska University Hospital, Stockholm, Sweden

Jan-Inge Henter, Prof., MD, Head of Childhood Cancer Research Unit, Karolinska Institute, Stockholm, Sweden

Tania Masmus, MD, PhD, The Child and Adolescent Clinic, Rigshospitalet Copenhagen University Hospital

Troels Bygum Knudsen, MD, PhD, Dept. of Internal medicine, Hillerød Hospital

Trine Hyrup Mogensen, Prof, MD, DrMedSci, Dept of infectious diseases, Aarhus University Hospital

Marcus Fager Ferrari, Dept of Translational Medicine, Lund University, Malmö, Sweden

Organising Committee:

Daniel El Fassi, Ass.prof.,MD, PhD, Dept of Haematology, Herlev Hospital

Eva Leinøe MD, PhD, Dept of Haematology, Rigshospitalet Copenhagen University Hospital

Sif Gudbrandsdottir, MD, PhD, Dept of Haematology, Roskilde Hospital - DSBH
